**Summary** — Front-End Developer with experience in ReactJs, NextJs, and responsive UI, gained through internships and academic projects. Curious about Web3 and actively involved in open source developer communities and tech events

## Skills

**Frontend Framework** HTML, CSS, JavaScript, ReactJs, NextJs  
Tailwind CSS, Bootstrap

**Tools** Git, GitHub, VS Code  
**Other** Firebase, PostgreSQL, Clerk

## Experience

**Open Source Connect** July 2025 – Present  
*Contributor* Remote

- Selected as an official Contributor at Open Source Connect India, one of the largest collaborative open source communities in the country.
- Contributing to real-world open source projects through the NexFellow platform, collaborating with mentors and project admins.
- Engage in active community participation, task management, and communication to drive impactful open source development.

**Celebal Technologies** May 2025 – July 2025  
*ReactJS (Intern)* Remote

- Developed responsive ReactJS apps that include dashboards, form validation, and a drag-and-drop Kanban task manager.
- Implemented custom routing, state management, and validation logic without relying on third-party libraries.
- Collaborated remotely in agile workflows, pushing weekly builds via GitHub, and deployed on Vercel and Netlify.

**Quirinus Soft Pvt. Ltd.** Apr 2024 – Jun 2024  
*Full Stack Web Developer (Intern)* Jaipur — On-site

- Developed **Smart AI Interviewer**, a full-stack mock interview platform using React, Next.js, PostgreSQL and Clerk authentication.
- Collaborated on the integration of Gemini AI for dynamic question generation and real-time feedback, enhancing user experience and engagement.

## Education

**University of Rajasthan** Aug 2024  
*Masters of Computer Applications* CGPA: 5.50/6  
*Highlight:- Secured internship for industrial training through company interview in the final semester*

**Maharaja Ganga Singh University** Aug 2022  
*Bachelor of Science in Physics Chemistry Math*

## Projects

**Smart AI Interviewer** Live Link  
– Built using React, Next.js, Tailwind CSS, with PostgreSQL backend and Clerk for secure authentication.  
– Integrated Gemini AI to generate dynamic interview questions and evaluate user responses with feedback and ratings.  
– The features include a dashboard, webcam-based answer recording, performance tracking, and feedback history.

**KanBan Project Management** Live Link  
– Developed a full-stack Kanban task management app using React, Next.js, Firebase, and Tailwind CSS with responsive UI and drag-and-drop functionality.  
– Implemented user authentication, dynamic task boards, real-time updates, and chart-based analytics for improved task tracking.

**E-store Website** Live Link  
– Developed a full-featured e-Commerce web application using React.js, featuring product listings, advanced filtering, cart management, and authentication.  
– Implemented responsive design, dynamic routing, and state management using Context API for seamless user experience.

## Certificate

**Web Mastery 360**  
HTML, CSS and JavaScript

**- Microsoft Learn Student Ambassadors**  
**- LetsUpgrade**
